Subject: EPA press event in Lyndhurst, NJ, Aug 7

Hi Ken – I’m emailing to give you a heads-up that EPA will hold a press event to kickoff the CPG’s (“Cooperating Party Group”) dredging of 20,00 cubic yards of contaminated sediment from the Passaic River at Lyndhurst (river mile 10.9) – the event is next Wednesday, August 7, with our Regional Administrator Judith Enck, Congressman Bill Pascrell, NJDEP Commissioner Bob Martin (invited), local elected officials, community group members, etc. – the venue is Riverside County Park North, in Lyndhurst.

Here is a link to the CPG’s fact sheet on the project, which EPA helped develop:

Also, here is a link to a news release on this subject that EPA issued last June:

Please let me know if Senator Chiesa would be interested in participating – And please let me know if you have any questions -- Thanks!
